Seemingly lowly domestic functions—such as making the ruler's bed, bathing him, cutting his hair, carrying him in his, or even relaying messages—could in theory give a eunuch 'the ruler's ear' and impart de facto power on the formally humble but trusted servant. Similar instances are reflected in the humble origins and etymology of many high offices. In Latin, the words, (Greek: σπάδων spadon), and were used to denote eunuchs. He is also noted in academic circles for his works on the history of the Ottoman Empire. Lewis' expertise is in the history of Islam and the interaction between Islam and the West. Download past episodes or subscribe to future episodes of Islam and the West PDF by Carnegie Council for Ethics in International Affairs for free. Castration was typically carried out on the soon-to-be eunuch without his consent in order that he might perform a specific social function. Lewis is a widely read expert on the Middle East and Over the millennia since, they have performed a wide variety of functions in many different cultures: or equivalent, specialists, soldiers, royal guards, government officials, and guardians of women or servants.

Bernard Lewis is a British-American historian, public intellectual, and political commentator. The, head of the black eunuchs of the Ottoman The term eunuch (∶ εὐνοῦχος) generally refers to a who has been, typically early enough in his life for this change to have major consequences. Eunuchs would usually be servants or who had been castrated in order to make them reliable servants of a royal court where physical access to the ruler could wield great influence. Of Islam to the West is analysed and assigned to the realms of myth Islam and the West is a 1993 book written by Middle-East historian and scholar Bernard Lewis. The earliest records for intentional castration to produce eunuchs are from the city of in the 21st century BC.
